

Get the support you need for production deployments of Crossbar.io

The Enterprise Support Package is billed per Crossbar.io node and for a period of 12 months. It includes

Commercial licenses for Crossbar.io and Crossbar.io Fabric

Commercial license for covered Crossbar.io and Crossbar.io Fabric node instances for the package period.

Access to Crossbar.io Fabric Center

Access to the Crossbar.io Fabric Center cloud service operated by Crossbar.io GmbH for covered Crossbar.io Fabric node instances and up to three designated customer employees during the package period.

Crossbar.io Enterprise Support

Commercial production support, including unlimited support incidents related to covered Crossbar.io nodes during the purchased package period for up to three designated customer employees. Direct access to core developers of Crossbar.io for the customer-designated employees.

(Note that we are moving to a usage-based pricing model in the near future, so that a renewal under the same conditions will not be possible.)
